EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Dawes on December 5, 2007.

The application has been amended as follows:

IN THE CLAIMS:

Claim 25, line 6, after "system consisting" delete "essentially".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or provide motivation to use a method comprising a composition of steps and elements as set forth in claims 25, 27, 28, and 30. Specifically, the prior art fails to teach applying two MCrAlY coatings on a substrate wherein the outermost coating is refined to nanocrystalline grain size.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
